

Castlemaine District Community Health is calling for community volunteers to join the Mount Alexander Youth Mentoring program to be matched with a young person (12-24) who is in need of some extra adult support and friendship.

Mentoring can take place within the school setting or in the community doing a variety of fun and interesting activities together. It involves an hour or two of time weekly or fortnightly.

Mentors with a wide range of interests and skills as well as a genuine interest in young people, are encouraged to apply.

Training and support offered.
