

Donate your  
musical instruments  
to help those experiencing  
homelessness.

## Help us create a music therapy room for young people in crisis.

Frontyard Youth Services helps young people who are homeless or at risk of homelessness through a diverse range of programs.

We are looking to fill our new music therapy room with guitars (acoustic, electric, bass), drums, a piano/keyboard and percussive instruments.

Music therapy can help people to express their emotions, feel engaged and improve their mental health and wellbeing.
